

Apache Performance Tuning

Part 2: Scaling Out

Sander Temme <sander@temme.net>

Agenda

- Introduction
- Redundancy in Hardware
- Building Out: Separate Tiers
- Building Out: Load Balancing
- Caching Content
- Conclusion

Introduction

- Why do This?
 - Scalability (Oh my gosh, I'm so popular!)
 - Reliability (We need five nines!)
- Why NOT do This?
 - It costs money
